REGIONAL SHORT COURSE ON RESEARCH ANALYTICS AND PROPOSAL WRITING

Background

The African Centre of Excellence in Sustainable Agriculture and Agribusiness (CESAAM) in collaboration with its partner Virginia Tech College of Agriculture and Life Sciences (CALs) developed a Regional Short Courses (RSC) in Research Analytics and Proposal Writing for Faculty and Students. The main aim for these short-term and skill-based courses is to equip learners with requisite knowledge and skills to handle emerging issues in agriculture to expand knowledge base in sustainable agriculture and agribusiness management.

Launch

The short course on Research Analytics and Fundable Proposal Writing will take place in Egerton University's ARC Hotel from 15th October, 2018 to 19th October, 2018.

Eligibility

This course is open for ALL STUDENTS & EARLY CAREER FACULTY in the region.

Regional partners, universities and other ACEs are encouraged to sponsor their students and early career staff to take part.
