The Vice Chancellor**

WELCOME MESSAGE FROM THE VICE CHANCELLOR

Let me start by welcoming you all to Jaramogi Oginga Odinga University of Science and Technology. The University Council, Senate, Management Board, Staff and continuing Students celebrate your dedication, hard work and perseverance that have borne fruits today, we also want to thank your mentors, your parents, guardians and sponsors who have been instrumental in seeing you through this academic journey.

Jaramogi Oginga Odinga University of Science and Technology continues to produce students who are job creators. Our students have continued to shine in areas of innovation and practical skills relevant to the job market. We guarantee quality education and training that are aligned to international standards. I am confident that the University will adequately prepare you for the task ahead.

Not only do we offer quality education but we are keen on community focused research and outreach activities and services that are grounded on professionalism, discipline and continual improvement. JOOUST has been able to bag many awards as a University that best demonstrates Innovation and creativity. The innovations clearly demonstrates our commitment to research. We intend to upscale these innovations and patent them towards our research for development and for commercialization objectives.

We are proud to inform you that our graduates have carved out their niche in the crowded job market. Our solid reputation has been built through the concerted effort of staff and students. You are now part of this fraternity. Strive to internalize and uphold our values and virtues.

As you join this fast rising student population with a unique blend of cultural mix, vibrant support unit and our conducive peri-urban setting near the exquisite beaches of Lake Victoria, know that you have been accorded a worthwhile opportunity for academic and research pursuit that is second to none.

Let me once again welcome you to this vivacious team. Together let us work towards developing JOOUST into a formidable stronghold of academic and research undertakings geared towards the realization of Kenya Vision 2030 and beyond. We will be proud to walk with you through this journey of academic excellence.

Thank you and May the Lord bless you!

MERITS OF STUDYING AT JOOUST

Enrolling for a University education at JOOUST is one of the most exciting experiences of a student's life for the following reasons:

Quality Education:

Jaramogi Oginga Odinga University of Science and Technology, offers a unique niche and opportunity to study with assurance that you will have distinctive characteristics such as: - trained professionally, assimilated with the highest ethical standards, ICT literate and acquired entrepreneurial skills. The practical, hands on training at JOOUST has continued to guarantee our graduates opportunities in the job market. JOOUST programmes have not only been accredited by the Commission for University education but are also designed to produce job creators and not job seekers.

Flexible Modes of Learning:

The University has opened up its programmes to the public through different flexible learner friendly modes. These include: fulltime modes (weekdays: 8.00 a.m. to 7.00 p.m); Part-time, continuous (weekdays: 5.30 p.m. to 8.30 p.m & weekends: 8.00 a.m. to 5.00 p.m) and institution based part time (April, August & December sessions, weekdays & weekends: 7:00 a.m to 7:00 p.m); and e- learning . All modes of delivery are designed to take the requisite duration of the course. We also offer a credit waiver/transfer to eligible candidates to join the relevant Degree programmes.

Strong student support services:

At JOOUST we have set up a strong student Affairs division, with adequate co-curricular activities, student mentoring, and guidance & counseling programmes. The University has in place a vibrant students Association known as the Students Association of Jaramogi Oginga Odinga university of Science and Technology (SAJOOUST) that champions the interests and matters affecting students.

Qualified Personnel:

The University has qualified academic staff , administrative and support staff. The University has about 200 academic staff with PhDs.

Modern facilities and Serene Environment:

The University boasts of a wide range of teaching, learning and research facilities. The University is undertaking the development of infrastructure and facilities including the ultra modern regional research centre at Miyandhe Campus . The University is strategically located in close proximity to the quiet serene beaches of Lake Victoria , a scenario that provides a conducive atmosphere for learning , research and recreation.

African Centre of excellence in sustainable use of insects as food and feeds (INSEFOOD):

Jaramogi Oginga Odinga University of Science and Technology (JOOUST) received funding from the World Bank for the establishment of an African Centre of Excellence in Sustainable Use of Insects as Food and Feeds (INSEFOOD). The funds have been utilized for innovative training as well as research in Insect Science and Technology geared towards food security.

Meritocracy

Motto

Oasis of Knowledge

BRIEF BACKGROUND OF JARAMOGI OGINGA ODINGA
UNIVERSITY OF SCIENCE AND TECHNOLOGY

Jaramogi Oginga Odinga University of Science and Technology (JOOUST) was granted its charter on the 13th February, 2013 by His Excellency President, Mwai Kibaki. JOOUST is a premier institution of higher learning offering academic programmes that are market driven and relevant towards sustainable socio-economic development of the community.

The University is strategically located at the quiet serene beaches of Lake Victoria. It focuses on the development of Kenya's rich cultural heritage and the utilization of the vast natural resources for academic advancement and research purposes premised on improving the socio-economic status of communities.

Student Population

A premier institution of higher learning offering quality market driven academic programmes for steering socio-economic development, JOOUST currently has over 8,000 students pursuing various academic programmes and research activities.

Academic Programmes

The University's programmes are tailor-made to address the Vision 2030 through the areas of technology transfer, scientific research innovation and collaboration with the industry.

The programmes provide our students with the relevant industrial competencies, skills, knowledge and integrated understanding required by different fields and related environment as well as those seeking competitive advantage in work place and the world of consultancy. The strength of JOOUST's graduates lies in their ability to be job creators, innovators and leaders in diverse disciplines for sustainable community development and societal needs.
